Announcements

FOR CIRCUIT JUDGE
We are authorized to announce Charles L. Henson of Mt. Vernon, Missouri as candidate for nomination on the Democratic ticket for judge of the 24th Judicial Circuit of Missouri, subject to the August primary of 1916.

JUDGE COURT OF APPEALS
John H. Bradley, of Dunklin county, is a Democratic candidate for Judge of Springfield Court of Appeals.

FOR SHERIFF
T. A. Stockton, of Jenkins township is a candidate for sheriff, subject to the will of the Democratic voters.

FOR ASSESSOR
Charles Haddock, of Exeter township, is a Democratic candidate for assessor of Barry county.

FOR SHERIFF
Wm. Houston, of Monett township, is a candidate for sheriff subject to the action of the Democratic primary.

FOR PROSECUTING ATTORNEY
Jake Davis, of Flat Creek township is a candidate for prosecuting attorney subject to the August primary election.

FOR TREASURER
Byron J. Hawk, of Flat Creek township is a Democratic candidate for county treasurer.

JUDGE OF WESTERN DISTRICT
M. E. Loutzenhiser, of Monett township, is a Democratic candidate for Judge of the Western District.

"Keeping 130,214 pairs of legs in step in Chicago's great parade last week was some job. But, on second thought, they were not in step."

Roosevelt failed to either get the G. O. P. nomination or select the candidate. He says he is now out of politics.

President Wilson will have no opposition in the Democratic convention at St. Louis and it seems probable that Marshall will be re-nominated for vice president on the first ballot.

I shall never myself consent to an entangling alliance; but I would gladly assent to a disentangling alliance, an alliance which would disentangle the peoples of the world from those combinations in which they seek their own separate and private interests, and unite the people of the world to preserve the peace of the world upon a basis of common right and justice.—Woodrow Wilson.

BANK SYSTEM'S INCREASED EFFICIENCY

Under the Federal Reserve System in 1916, the banking power of the United States, through increased resources and deposits, and likewise through greater elasticity and availability, has an efficiency for the country's development over the 40 per cent higher than it had in 1912, with an absolute guaranty against panics.

JUDGE OF THE WESTERN DISTRICT

The Democrats of the Western portion of Barry county cannot make a mistake in nominating M. E. Loutzenhiser, of Monett township, for the office of Judge of the Western District. Mr. Loutzenhiser has been a resident of Barry county for the past eleven years. He was a member of the Monett city council for four years and made an excellent record. He has for the past five years, held a responsible position with the Frisco railroad, and is a bookkeeper, accountant and business man of fine ability.

TAFT ON ROOSEVELT AND HUGHES

Philadelphia, June 10.—Former President William Howard Taft, when informed that Justice Hughes had been nominated by the republicans, for the presidency, and that Roosevelt had been named by the progressives, said: "Hughes' nomination by the republican convention has my unqualified approval, and it is up to Roosevelt to refuse the progressive nomination for the good of the country."

MEETING AT DEER AUDITORIUM

There will be a meeting at the Deer auditorium tonight for the purpose of completing plans for a Chautauqua to be held here this summer. All business men are urged to attend and assist in making plans.

HE HAD LOTS OF SENSE

By E. F. McIntyre
There was an old geezer and he had a lot of sense. He started up a business on a dollar-eighty cents. The dollar for stock, and the eighty for an ad brought him three lovely dollars in a day, by dad!

Well, he bought more goods and a little more space, and he played that system with a smile on his face.

The customers flocked to his two-by-four, and soon he had to hustle for a regular store. Up on the square, where the people pass, he gobbled up a corner that was all plate glass. He fixed up the windows with the best that he had and told them all about it in a half-page ad.

He soon had 'em coming and he never, never quit, and he wouldn't cut down on his ads one jiff. And he's kept things humming in the town ever since, and everybody calls him the Merchant Prince.

Some say it's luck, but that's all bunk—why, he was doing business when the times were punk!

People have to purchase, and Geezer was wise—for he knew the way to get 'em was to advertise.—Associated Advertising.

Just Received—A car load of Blue Ribbon Buggies and Surrys. Come in and see them. "The prich makes them go." We also sell Kelley Springfield rubber—none better. They put on the best rubber in town at a good price. Kasse & Williams, West Broadway. (905w1)

DUNKARD'S SPECIAL TRAIN

This morning the Frisco brought in from St. Louis a special train of seven coaches and baggage cars carrying delegates to the convention of Dunkards being held near Fairview. There were 248 passengers on the train and they came from the states of North Carolina, Virginia, Pennsylvania, Indiana, Ohio and Illinois.

The train was transferred to the M. & N. A. here and the engine and crew from the local freight pulled it on to Fairview. The time of arrival here was 9:45.

R. C. Gentry of St. Louis, traveling passenger agent, and Sam M. Childs of Indianapolis, district passenger agent for the Frisco and L. C. Williams for the North Arkansas were with the train, attending to the details of the trip; Mr. Williams meeting the delegates here.—Neosho Daily Democrat.

PENNSYLVANIA DIGGING

DEEPEST WELL IN AMERICA
Bradford, Pa., June 10.—Bradford oil and gas operators are deeply interested in the deep well being drilled on the Cummins farm at McDonald by the People's Natural Gas Company. The well, which is now at a depth of 7350 feet, has as yet failed to produce oil or gas, but drilling operations continue.

Work on the well, which is the deepest ever drilled in the United States, was started March 1, 1911, and has been continuous since that time. Officials of the company stated that the hole will go as deep as money and human ingenuity will drill it, and if a good supply of gas is found, another well will be drilled at once.

The well has cost the owners approximately \$50,000 to date.

35 Horsepower Motor

Consider the specifications of this OVERLAND.

Then consider the price.

No other car of similar specifications has ever been offered at a price so low.

This new price is made possible because the development and experimental expense has been entirely absorbed in our production of 50,000 of these cars.

This is the most popular OVERLAND ever built. The demand for this car has broken all records.

The price will not be lower, for the cost of materials is rising.

So order your car now to be sure of getting it.
